## SL SHADY LADIES, A NEW KIND OF TOUR COMPANY

Our tours give sex and sexuality their due as an important theme in art, but they also explore how culture has represented gender more generally—and in particular, women. We firmly believe that sex and gender are inseparable, and merit just as much attention as the safe and predictable themes on which scholars (and other museum tours) lavish their attention. Shady Ladies Art Museum Tours is your chance to learn all about them, and to see even familiar works and periods of art history in a whole new light.

“

The Shady Ladies Tour at the Met was so much fun! Professor Lear has tons of great stories of the scandalous behavior behind the all those posh-looking ladies on the walls of the Met, and his depth of knowledge is very impressive.
